Without the below information your warranty claim will not be reviewed.

1. Confirmation that, unless catastrophic failure, the unit has been pressure tested to validate leak with stated PSI.
2. Pictures & video clearly showing the leak point.
3. Clear photo of the code plate.
4. Photo(s) of the surrounding area within 6 feet of the boiler.
5. Photos of the domestic or boiler connections.

Please attach all supporting images and videos to the email.
